SUBJECT: DA Form 705 Requirement for BOLC Reserve Component Students

Phase 1 is found at school code 555 and course number is 6-8-C20B RC DL.

Applicants are advised that completion of Phase 1 does not automatically make a reservation for Phase 2. While Soldiers "self enroll" in Phase 1, a unit training manager must make the reservation for Phase 2. The training manager is responsible to verify that Soldiers have completed Phase 1 prior to entering the Phase 2 enrollment in ATRRS.

If a student does not arrive with a current DA Form 705, he/she will be required to take a record APFT. Any USAR or ARNG student who does not have a passing record APFT score prior to graduation will be processed from the course for failure to meet graduation requirements and returned to their parent unit. The student will be required to submit a personnel action requesting constructive credit through their Human Resource Command once they pass their record APFT.

2. The point of contact for this action is Ms. Tina Thomas, 221-7388, ATRRS Manager, Training Program Management Division, AHS.
